

SOLICITATIONS IN SCHOOLS

As a general policy, there will be no solicitation within the schools for any purpose whatsoever. No commercial enterprise may be represented in the schools, and there will be no sale of goods or services on the premises.

The foregoing policy is for the purpose of insuring maximum instruction time for the student and in no way reflects a negative attitude toward many of the very worthwhile civic and charitable activities sponsored within the community, either on a strictly local basis or as part of a regional, state, or national activity. The above does not apply when buildings are rented by an organization.

Any request for the exception to this rule must be submitted in writing to the Board or its agents (Superintendent and/or Principal) at least 30 days prior to the implementation of the requested activity. The Board reserves the right to grant exceptions: An example may include an activity conducted by a school club or parent organization for the purpose of raising funds for a worthwhile service to the school.
