

## 6<sup>th</sup> Grade Rotation 2007/08

- Technology Education
  - Art
  - Music
  - Computers
  - Intro to World languages
  - 4 Teams rotate through this 5 way schedule every 7 weeks. Students only receive 5 weeks of instruction. This rotation does permit class sizes to be reduced from nearly 30 students to less than 25.
- Technolgy Education
  - Art
  - Music
  - Computers
  - Pre-Engineering
  - This schedule is the same as the one on the left. The only difference, of course is replacing Intro to World languages with Pre-Engineering.
  - To offer Pre-Engineering we would hire a .6 teacher HQT in math.
