

INSURANCE REVIEW

The Board shall purchase liability insurance, as part of a comprehensive package or separate policies, seeking to minimize the District's exposure through preservation of statutory limitations on liability.

The Board and the Assistant Superintendent of Schools will review insurance coverage each year. When necessary, the Board will consult with its agent and/or carrier.

Any accidents or occurrences, no matter how minor, that could indicate liability on the part of an employee or official of the District shall be promptly reported to the administration and by them to the insurer. Any changes in the use or occupancy of the buildings shall also be reported. Strict observance of these requirements is necessary to prevent loss of coverage under policy restricting conditions.
